

## Wills, trusts and probate services

Making a will is a crucial part of sound financial planning. It allows you to pass your assets on death to your desired beneficiaries and to distribute your wealth in a tax-efficient way.

We work with you to provide sophisticated advice to ensure that capital taxes are minimised while endeavouring to maximise family flexibility.

Whether a resident in the UK or overseas, safeguarding your family wealth, estate and property requires specialist advice from a team that understands your needs and will translate your wishes into clear and concise legal documents that meet your objectives, now and in the future.

We advise on wills, trusts and inheritance matters to ensure your affairs are arranged as tax-efficiently as possible to deliver maximum value to your beneficiaries.

We deal promptly with probate and cases of intestacy and provide effective advice if an estate is contested.

The B P Collins trust team offers efficient and expert handling of your trusts and our dedicated trust administration service ensures that trustees are aware of their responsibilities.

The team includes members of the Society of Trust and Estate Practitioners, the Law Society's Probate Section and Solicitors for the Elderly. As such, we are exceptionally well qualified to safeguard your family wealth, estate and property.

This firm continues to set the gold standard for private client work in the Thames Valley. Interviewees especially praise the lawyers' dedication to client care: 'They are excellent because they provide a very personal service and cater specifically to our needs.'
